**Product Name :**

Straight Edge (3 meter)

**Product Code :**

SLE/CE/88

## Description :

### Specification:

- A straight edge approximately 3 meters in length may be used to determine lateral surface regularity of a road surface.
- This lightweight apparatus is made up of mild steel or aluminum and is equally supported at both ends producing a set height between the road surface & the beam.
- Any vertical irregularity is measured using incremented wedges.
