

Product Name :

Tensile strength testing machine

Product Code :

SLE/MCE/15

**Description :****Specifications:**

- Tensile Strength Tester and elongation are the two prime characteristics of most of the raw materials, whether they are metals or non-metals such as foam, rubber, textiles, plastic, paper or finished products such as rods, wires, ropes, yarns, belts etcetera.
- These properties very often play the major role in determining the suitability of any raw material for any specific application.
- **Range:** 250 Kg with 0.1 kg least count digital display
- **Elongations:** Up to 900 mm X 0.1 mm least count digital display
- **Motor:** ½ Hp, 1425 rpm, 220 V AC single phase induction motor
