

**Product Name :**

Stereomicroscopes

**Product Code :**

SLE/M/84

### **Description :**

Compact size that is more efficient for secondary-level instruction.

The corded LED illumination stays cool after hours of use.

Magnification levels: 10x and 30x or 20x and 40x.

Rugged and dependable, this icroscope delivers a 3-dimensional, unreversed image with great resolution, brightness, and clarity.
