

THE LAB EQUIPMENT

Email : sales@thelabequipment.com

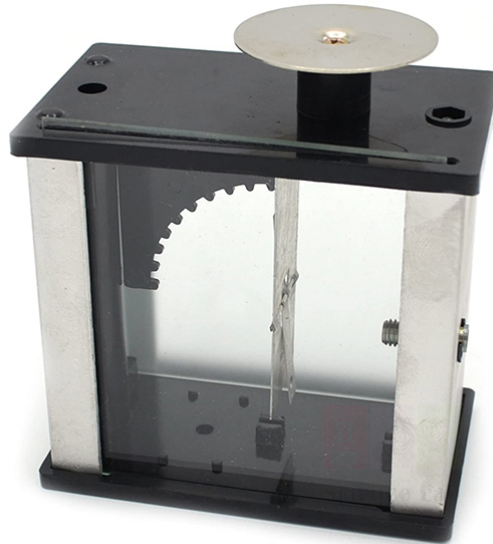

Phone: +91-8759245890

Product Name :

Electroscope, Needle

Product Code :

SLE/PHY/168

Description :

The electroscopes are great for hands on experience with electrostatic principles in physics classrooms and labs.

Front glass window slides up to allow insertion of ionising material in chamber.

The sheet metal walls of the electroscopes are attached to a plastic base and top.

This light weight metal blade deflects when the electroscopes plate is charged.

A light-weight metal vane is used as a pointer in the electroscopes.

A graduated scale is provided to measure the angle of the deflection.
