Product Name :

Force Table

Product Code :

SLE/PHY/175

Description :

With a large, 40cm diameter tabletop, 3cm thick support column and heavy cast base with levelling screws, this force table is suitable for use in any basic physics lab.

The durable polymer tabletop carries an angle scale with 0.5° divisions, marked every 10° in both rotation directions.

Four sets of slotted masses, each 150g x 5g including hangers, are supplied with the table.

The slotted masses have a keyhole pattern which secures them during adjustments.

Four table clamp pulleys are included, each has a circular cut-out with a fiducial mark for accurate angle measurements.

The cords include split rings for easy connection, allowing three-force and four-force equilibrium arrangements to be rapidly constructed.

The table is 41cm high.

Includes spirit level.
