Description :

DESCRIPTION :-

- Interior volume: 240 litres
- Outer dimensions (Depth x Width x Height) : 820x780x944 mm
- Interior dimension (Depth x Width x Height): 533x607x670 mm
- Shelf dimension (Depth x Width): 503x554 mm
- Standard quantity of shelves: 3
- Maximum quantity of shelves: 12
- Temperature setting range: ambient +5 -50°C
- Temperature setting deviation: $\pm 0.1^\circ\text{C}$
- Temperature sensor: PT1000
- CO₂ concentration setting range: 0-20%
- CO₂ concentration setting deviation: $\pm 0.1\%$
- Recovery time of CO₂ concentration to 50% at 37°C: less than 3 minutes
- Humidity: 20-95%
- Water reservoir volume :3 litres
- Interior structure: 3 standard shelves with a glass door modifiable to 6 half-size shelves with 6 mini glass doors.
- Disinfection time : moist heat 9 hours at 90°C (disinfection about 25 hours)
- Net weight: 98Kg
- Rated power: 735W
- Power supply: 220V $\pm 10\%$ / 50Hz (standard), 110V/60Hz (optional):
- One year warranty
