

Product Name :

Gold Leaf Electroscope

Product Code :

SCL-335/066

Description :

DESCRIPTION :-

- Housed in a rectangular sheet metal case mounted on a insulated base and provided with removable front and back sliding glass panels, one clear and other ground, respectively.
- Removable disc electrode mounted at the top through a moulded plastic bush insulating the disc electrode from the metal body to prevent charge leakage.
- The plastic bush has a plated metal blade on the underside for fixing the gold leaf.
- Case fitted with terminal at the side for earthing.
- Removable clear front slides up to allow insertion of ionizing material in chamber and fixing of leaves, when needed.
- A clear acrylic circular scale inside the chamber, graduated 0-90° facilitates the comparison of charge by means of deflection.
- Supplied complete with one pair of leaves.

Features

- Internal transparent Scale: 0-90°
- Insulated base
- Removable front and back sliding glass panels, one clear and other ground
- Removable disc electrode
- Case fitted with terminal at the side for earthing.
