

Product Name :

Segmented Lung

Product Code :

SLE/A/73

**Description :**

About life size.

Size: 25 x 25 x 35 cm.

The lung detaches into 2 lobes that separate into individual segments.

Appropriate for demonstrating segmental bronchus of each lung segment in individual lobes.

This detailed, high-quality segmented lung model illustrates chest cavity organs and structures.

It specifically depicts the branching system of the bronchi and bronchioles close to the heart, trachea, esophagus, and aorta.
