

Product Name :

Miniature LDR

Product Code :

SLE/PHY/65

**Description :**

This miniature Light Dependent Resistor is housed in an epoxy package. Resistance reduces as the light falling on the device increases. Consisting of a resistor which is made of semiconductor material whose conductance changes with variations in luminance.

Technical Specification :**Diameter :** 5 mm**Dark resistance:** 1 M?**Max. voltage :** 150 V peak AC or DC**Power dissipation:** 100 mW**Resistance @ 10 Lux :** 10-20 k?**Resistance @ 100 Lux :** 2-4 k?**Peak spectral response :** 540 nm**Lead pitch :** 3 mm**Operating temperature :** -30°C to +70°C

Contact ScienceLab for your Educational School Science Lab Equipments. We are best educational lab equipments exporter, educational lab equipments manufacturers, educational lab equipments supplier, educational lab equipments suppliers, educational lab export, educational lab exporter.
